

Medicines

Only prescribed medications may be administered by staff and written authorization must be given by the parent/carer, which authorizes staff to administer stated medicines. The medicines must be provided in a suitable container, which is clearly labelled and has the dosage and times of administration clearly marked. However, before any medicine can be administered you will be required to complete and sign the Medicine Consent Form giving your consent, details of dosage, times and duration.

Injections can only be undertaken by a qualified nurse or medical practitioner. The nursery will make every endeavour to follow the parents/carers instructions, but reserve the right to refuse a request to administer medicines whilst a child is in our care.
